-AGC Scholarship Foundation to hold inaugural Gala at Gillette Stadium with keynote speaker Bill Rancic-

Foxboro, MA- AGC Scholarship Foundation will be holding their inaugural Celebration of Hope Gala at Gillette Stadium on February 15, 2014 at 6:30PM. Celebrity and motivational speaker, Bill Rancic, will be keynote speaker.

Bill Rancic burst onto the national scene when he was hired by Donald Trump as the winner of the first season of NBC's breakthrough program "The Apprentice". Currently, Bill is speaking to businesses and organizations around the world on motivational and business topics, developing real estate in Chicago, and producing and appearing in several television programs. Viewers can now tune into the sixth season of E! Network's reality series "Giuliana & Bill".

AGC Scholarship Foundation was founded in 2010. There are at least five million infertile couples in the U.S. The majority have no insurance coverage for fertility treatments, which can range in cost between \$10,000 and \$25,000 per couple. For couples dealing with infertility, the staggering price of diagnoses and fertility treatments may make the dream of parenthood seem out of reach. AGC is nonprofit group committed to providing both advocacy and scholarships for those struggling with infertility in the United States. The AGC Hope Scholarship will make it possible for couples who do not have the financial resources the opportunity to fulfill their dream of becoming parents.
